

ENVIRONMENTAL POLICY STATEMENT

It is the policy of Basic Industries of South Texas, Ltd. to operate beyond regulatory compliance in protecting the environment. Management is committed to providing services in a manner demonstrably protective of human health and the environment.

We will continuously strive to minimize the volume and toxicity of waste we generate. In our operations, renewable and recycled resources will be utilized whenever possible. Non-renewable resources will be conserved and protected.

Each Project Manager and Supervisor is responsible for the following objectives:

- Promote waste reduction.
- Promote use of environmentally friendly resources.
- Promote the use of renewable and recycled resources.
- Promote the conservation and protection of non-renewable resources.
- Ensure regulatory compliance.
- Provide the necessary resources and training to meet these objectives.
